ABOUT SIGVARIS GROUP

WE WANT TO DEVELOP THE BEST COMPRESSION SOLUTIONS FOR PEOPLE.

Each and every individual should feel good. Every day. We have been focusing on this for over 150 years. Our portfolio is based on brands that are aimed at different needs and indications. On the one hand, we wish to help patients with venous diseases, lymphedema and lipedema to live their lives as freely as possible. On the other hand, the positive effects of compression therapy in everyday life, at work and on trips should also be accessible to a health-conscious public.

As we are committed to developing relevant medical solutions, we continue to innovate to ensure that our healthcare partners can continue to make a significant contribution to improving the quality of life of affected people. Quality made in Switzerland is important to us. We are thus extremely proud of our production facility in St. Gallen.

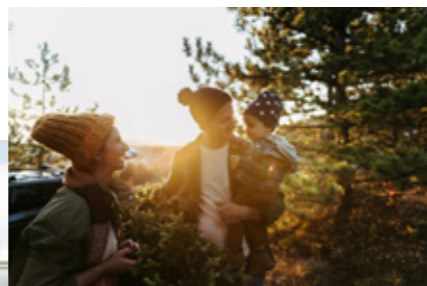

WHY SIGVARIS GROUP?

The WELL BEING range of SIGVARIS GROUP is completely dedicated to the well-being of your legs and provides relief from venous complaints, improved leg health and a more attractive appearance.

A feeling of heaviness, swelling and pain in the legs can be the first signs of a chronic venous disease. These symptoms are particularly noticeable when sitting or standing for longer periods of time, and they increase during the course of the day or with high outside temperatures.

FOR MORE LIGHTNESS

The prevention products from the WELL BEING range of SIGVARIS GROUP noticeably relieve venous symptoms such as heavy and tired legs or swollen feet, and are suitable for people who wish to positively influence the health of their legs.

WE ARE DEDICATED TO HELPING PEOPLE FEEL THEIR BEST. EVERY DAY.

MEASURING MAKES THE DIFFERENCE

HIGHLIGHT by SIGVARIS

HIGHLIGHT for women by SIGVARIS with their fine transparency and elegant mesh pattern create a first-class, stylish appearance anywhere. The noticeable and controlled compression effect supports the return of blood to the heart and so helps to prevent tired and heavy legs. As no two legs are alike, measuring makes the difference with these support stockings. The highlight for more well-being.

INFOS

GRADUATED
COMPRESSION

FOR HER

- Optimal fit and exact compression effect thanks to individual measurement
- Fine mesh and an elegant look
- 15-20 mmHg; kPa value: 2.0-2.7

COLORS

- skin

* with Sensinova grip top

SENSINOVA GRIP TOP

The breathable grip top ensures perfect support without increasing pressure. It is very comfortable to wear and its flexibility enables any movement. It does not show under clothing.

MEASURING MAKES THE DIFFERENCE

HIGHLIGHT by SIGVARIS

HIGHLIGHT for men by SIGVARIS create that perfect look with their modern ribbed structure and elegant mesh pattern. The noticeable and controlled compression effect supports the return of blood to the heart and so helps to prevent tired and heavy legs. As no two legs are alike, measuring makes the difference with these support stockings. The highlight for more well-being.

INFOS

MEASURING MAKES THE DIFFERENCE

HIGHLIGHT MARINIÈRE by SIGVARIS

HIGHLIGHT MARINIÈRE by SIGVARIS create a perfect appearance with their maritime pattern. The noticeable and controlled compression effect supports the return of blood to the heart and so helps to prevent tired and heavy legs. As no two legs are alike, measuring makes the difference with these support stockings. The maritime highlight for more well-being.

INFOS

FOR HER AND HIM

- Optimal fit and exact compression effect thanks to individual measurement
- Maximum wearing comfort due to soft material, wide cuff and flat toe seam
- Fashionable maritime pattern
- 15-20 mmHg; kPa value: 2.0-2.7

MESH & FLAT

«mesh» and «flat» are different types of knitting patterns. The difference is noticed both visually and haptically.

MESH: more open, structured stitch pattern

FLAT: silkier and softer feel

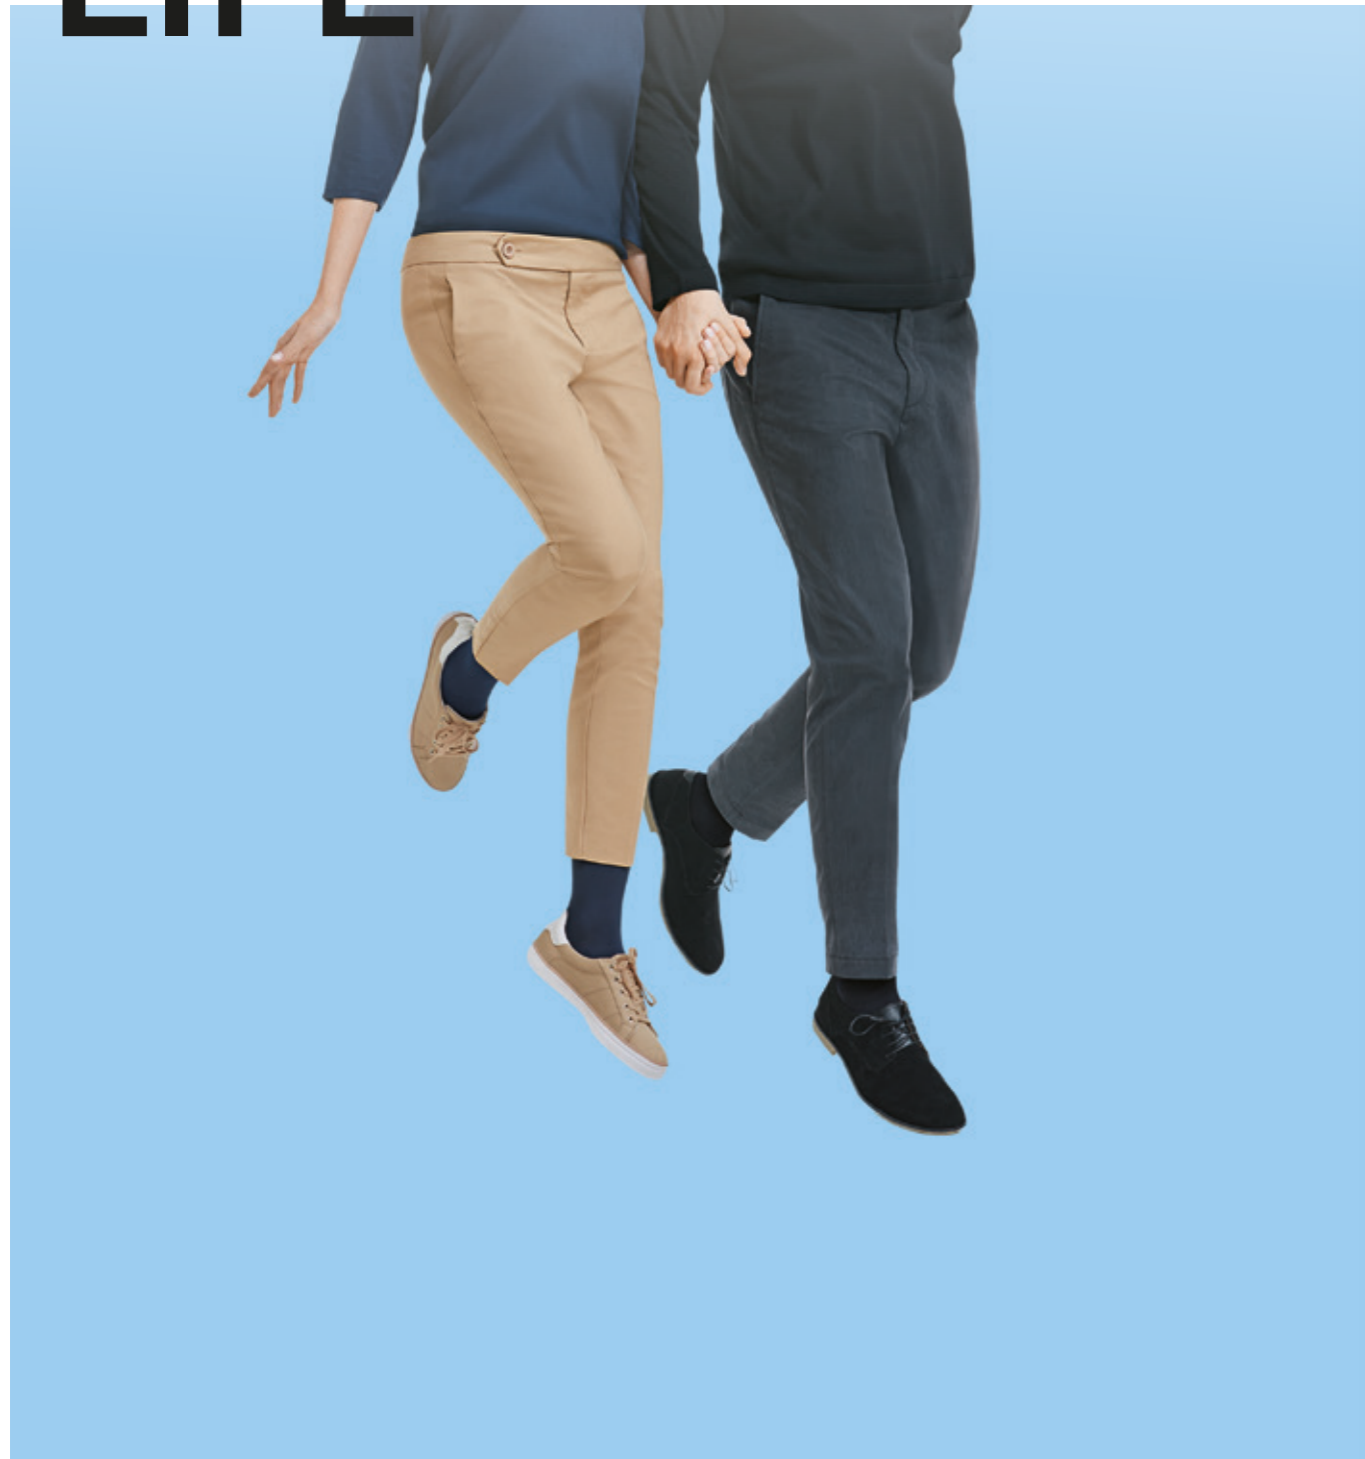

WHAT DOES DENIER MEAN (D/DEN)?

The denier number informs about the yarn count used and indicates how many grams a yarn weighs per 9,000 meters. The higher the denier number, the thicker is the yarn and the more opaque the stocking appears.

Example 70 denier:
9,000 meters of yarn weigh 70 grams

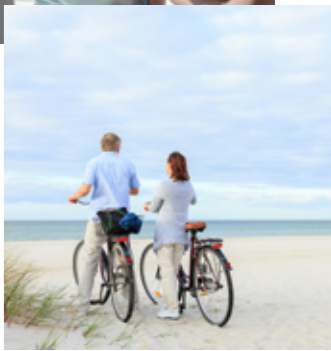

FOR LIGHTNESS IN EVERYDAY LIFE

SAMSON by SIGVARIS

For more well-being every day: SAMSON by SIGVARIS for women and men with processed cotton provides high wearing comfort and the rib structure creates a fashionable look.

INFOS

GRADUATED

- purple argyle 
- royal blue argyle 
- graphite argyle 

FOR HIM

MICROFIBER

Microfiber is characterized by its fineness. Its use gives the stocking a soft, silky feel and is kind to the skin. The microfiber is breathable and wicks moisture away from the body, making it comfortable to wear.

LIGHT LEGS TRAVEL WELL

TRAVENO by SIGVARIS

Be it on a plane, in a car or on a train: if you sit for a longer period of time, the return of blood from the leg veins is reduced. The feet and lower legs swell and the legs may hurt. In rare cases, deep vein thrombosis with the risk of pulmonary embolism may occur.

The TRAVENO by SIGVARIS travel support stocking enhances blood circulation in the legs through gentle pressure. Due to the innovative knitted fabric, TRAVENO prevents odors and makes for pleasant wearing comfort as well as discomfort-free legs when traveling. For more well-being when traveling.

INFOS

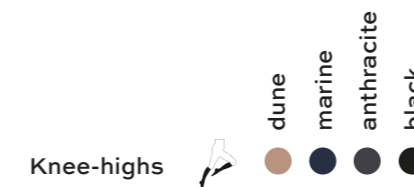

FOR HER AND HIM

- Lightweight legs when traveling thanks to noticeable support
- Reduces leg swelling
- Breathable and easy-care
- Innovative knitted fabric prevents odors
